Young Engineer of the Year Award

Scottish Engineering

Application Form

The ScotEng Young Engineer of the Year Award (YEYA), formerly known as "The Incorporation of Hammermen of Glasgow Award" has recognised and celebrated the best young engineers in Scotland for almost 30 years.

Is there a young member of your team who has shown excellence, innovation, and imagination within your industry? Encourage them to submit an application for the Young Engineer of the Year Award, giving them the opportunity to be recognised for their work, be presented with the Hammermen trophy at the Scottish Engineering Annual Award Dinner on 13th May 2026, and receive a £1000 and £500 prize for our winner and runner up.

Criteria

- Entry is open to recognised engineers who are 35 years of age or under at closing date.
- Entrants should be employed in the engineering industry in Scotland.
- Entrants must be available on the week commencing the 8th of March or interview if initial application successful
- Entrants should be able to demonstrate that they are in or have taken a major role in an engineering/technological project which has or will significantly improve the technology and/or competitiveness of their employing organisation.

- The individual's entry should include an email endorsement of its content by a relevant manager from the company.
- We do not accept joint applications or group applications

Reviewing of applications

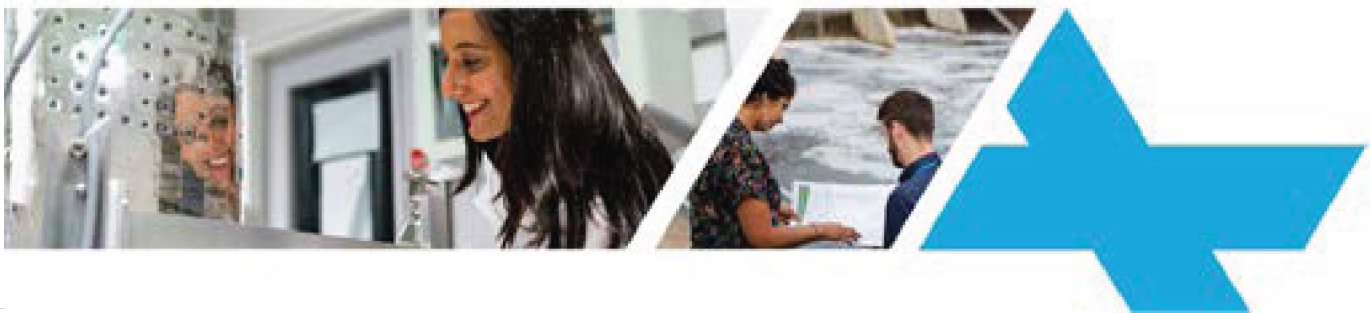

- All applications will be acknowledged via email and then reviewed by our panel of judges.
- Successful candidates (or, the "Shortlist") will be invited to an interview where they will make a brief presentation on their project and discuss it with the judging panel.

Submitting your application

- The submission deadline is **4pm Friday 12th February 2027**
- Applications can be in the form of a report or presentation and should include relevant information about the candidate and the background to the project or work undertaken.
- Applications must not exceed 5 pages, including diagrams
- As the first round of judging will be made on this submission, it is important that you give yourself the best chance of recognition for the content of your project.
- Upon completion, please send your report or presentation by email to yeya27@scottishengineering.org.uk who will be in contact with further application instructions.

Policy

- Judging will be based solely on the information submitted by the candidate.
- Decisions reached will be regarded as final after the decisions have been announced.
- Scottish Engineering and the Incorporation of Hammermen of Glasgow reserve the right to publicise entries but will make an appropriate acknowledgment of the entrants and their employers.
- Our winner will be displayed on our social media platforms and the Scottish Engineering website.
